

Reseller / Referral Partner Interest Form

Grow your business with INUVIO, the pioneer and industry leader in digital image, data, language, signature, form, and document acquisition, manipulation, and identification.

Our industry-leading technology delivers the most accurate Optical Character Recognition (OCR) and the best quality images possible.

INUUVIO is proud to have partnered and integrated our technology with some of the largest IT application and enterprise systems providers in the world. Our partners are integrators, developers, resellers, and referral from across the country and around the globe. The integration of our Software Development Kit (SDK) with your software application creates a powerful imaging and language capture solution that recognizes, translates and transfers information accurately and efficiently.

In fact, joint IT development is one of our specialties. Or you could become an INUVIO Value-Added Reseller (VAR) or Referral partner and grow your business with our industry-leading solutions. We are always searching for select partners qualified to represent us and our unique products. At INUVIO, we know that the foundation of any great partnership is integrity, trust, and mutually beneficial results.
