

## HARDWARE SOLUTIONS

# EcoScan® i4s

Inuvio's EcoScan® i4s is a small scanner ideal for capturing digital copies of documents, medical cards, driver's licenses and checks. It provides commercial quality and reliability with a minimal footprint. The i4s also scans receipts and almost any other type of hard copy media up to 8.5" x 14". It easily handles thick media such as laminated and plastic cards with embossed characters and delivers images up to 600dpi in resolution.

The EcoScan® i4s is a versatile scanner that can be used in a variety of industries. For healthcare, the scanner provides the perfect imaging solution for medical, dental and vision practices, as well as hospitals, pharmacies and labs. In the financial industry, firms such as banks, mortgage originators, insurance providers and automotive lenders will find the i4s advantageous for an assortment of imaging needs. The i4s also provides ideal scanning results for many other businesses ranging from security and law enforcement to entertainment and home offices.
